WHERE INDIA'S TECH FUTURE converges

**INDIA'S IMPACT. TECH TODAY.
TRANSFORMATION TOMORROW.**

With a 34-year legacy of driving the industry forward, Convergence India continues to serve as India's longest-running & most comprehensive tech expo.

Featured Expos

AI is accelerating India's technological growth, driving innovation in sectors like retail, healthcare, fintech, etc. while positioning the country as a global leader in AI development.

IoT & AIoT innovations will power the future of connected living, transform industries, enable smart decisions, boost efficiency and create a data-driven environment that improves lives & drives progress.

Fintech will continue to transform India's financial landscape, offering seamless digital payments, financial inclusion & innovative solutions, driving economic growth and empowering businesses.

India's data center market is scaling rapidly, projected to exceed \$22 billion by 2030 - with capacity estimates reaching 5 GW, powered by AI, cloud and explosive digital consumption growth.

Driven by AI analytics and localisation mandates, India's security & surveillance market is shifting from hardware to integrated software-led solutions for transport, urban and enterprise needs.

The transforming mobility ecosystem in India is driven by electric & connected vehicles, smart infrastructure and sustainable solutions; reshaping how people and goods move across the country.

India's mobile & smart living market is surging, with over 750 million smartphone users, rising IoT adoption and rapid digitisation transforming homes, services and lifestyles at an unprecedented rate.

India's startup economy will continue to attract global investment, fuel innovation, create job opportunities and drive economic growth; solidifying the nation's position as a global leader in technology.

We are honoured that the Moscow Government & Export Center are participating in this great exhibition for the third time. Russia and India have built a strong partnership over 70 years, driving advancements in science, technology, aerospace & culture.

SERGEY CHEREMIN

*Minister of the Govt. of Moscow, Head of
the Department for External Economic and
International Relations of Moscow*

Where innovation speaks, leaders connect and ideas turn into impact-driving collaboration, technology and a smarter, more connected, digital future.

AI has strengthened the digital ecosystem when applied to urban spaces. From planning and approvals to transport & logistics, it can make cities far more efficient, predictive and responsive.

DURGA SHANKER MISHRA

*IAS (Retd.) Former Chief Secretary,
Government of Uttar Pradesh*

AI can complement digital public infrastructure like identity, payments, enhancing video KYC, enabling conversational voice-based transactions and improving inclusion for digitally underserved users.

Manager - Partner Relations, 3SCORT

The logo for AIROHA, featuring the word 'AIROHA' in a bold, blue, sans-serif font with a white outline, set against a dark blue background.

AIROHA

We chose this show because it is the best and the only great show in the Indian region, which has all the vendors and service providers from all over the world.

MICHAEL-YH HSU

Technical Manager, Airoha

The show has evolved a lot over the last 30+ years. New technologies are being introduced and the arrangements are handled very nicely and extremely professionally.

YATIN GUPTA

Senior Vice President, GTPL

F E E D B A C K

Convergence has always been a great platform to exhibit. This year, we received significant footfall and reached our target audience, ranging from government segments to system integrators.

M.A. JOHAR

President - Project Business, CP Plus

It has been a very fruitful experience for us and everything was perfectly executed. The event was excellent, thanks to the seamless support from the Convergence' backend team.

RAGINI SHARMA

Founder and Director, Dbyte

The expo's vibe was excellent and the new 'entry fee' addition was a fantastic initiative. Because of that, we could give time to our known customers and genuine prospects.

BHUPESH GARGI

Founder, Partner, Hive

It is an excellent platform to showcase AI capabilities. Everything was very well organised and the entire experience was very smooth.

INDUSTRY

The professionalism of the organisers, the strategic alignment & the vibrant energy of the expo made it one of the most effective international outreach activities we've undertaken this year.

MARIAM GASANOVA

Head of Trade Mission Division, International Partnership Dept., Moscow Export Center

We don't think of Convergence as an exhibition but an entire ecosystem coming under one roof. The people here are all bang on - everybody is so courteous!

AMARPREET DUA

CEO, Netplus Broadband

This is our 4th year in a row as an exhibitor. The fact that we keep coming back is a testament to how much we value the experience.

RANJIT DASH

Executive Director, Realtek

As India's biggest tech expo, Convergence offers an impressive portfolio. It allowed us to connect with new prospects across India.

MALINI DAS

Marketing Manager, Redington

F E E D B A C K

It has been excellent, the quality of the crowd and the people who have stepped into our stall are very niche. I've never seen such a large-scale event conducted this way.

A.L. NARASIMHAN

Vice President- Strategic Business Alliances, Prama

The Convergence team has been there in every aspect - in terms of supporting us and connecting with the right people. We are sure we will be here again next year!

AMITH ANISH

Head of sales- India, Queclink

We are thrilled to have brought the best of Taiwan's technology to Convergence India! This was a strategic bridge connecting Taiwan's innovations with India's digital vision.

VINCENT LIN

Director, Taipei World Trade Center Liaison Office in New Delhi - TAITRA

Convergence India is a must-participate event for us. This year, we saw solid conversations and networks. It's been great!

ASHWANT A

Event Marketing Manager, ZOHO

THE KNOWLEDGE SHARING HUB

We need to focus on building future-ready systems and use this transition phase to make structural changes in mobility, infrastructure and energy dependence.

ANURAAG BHARADWAJ

VP & Head Automotive Industry Platform, Capgemini

We thought AI was for enterprise and for the big guns, but you're seeing this incredible technology, with all its power, coming into the hands of a single human being. What they do with it remains to be seen...

THE LAUNCHPAD FOR HIGH-GROWTH VENTURES

The 6th Startup Hub Expo cemented its status as a cornerstone of India's entrepreneurial growth. Hosting 200 startups, it served as a high-octane bridge between vision and capital.

- **The Startup-Investor Meet** utilised a dynamic 'speed-dating' format, facilitating one-on-one curated meetings between founders and over 100 investors.
- **National Synergy:** With powerful backing from Startup India, the Department of Science & Technology (DST, Govt. of India) and various state missions (Kerala, Gujarat, Odisha, Chhattisgarh), the expo showcased a truly pan-India spirit of innovation.
